

GELDS Standards & Indicators

Live portal reference handbook

52

standards

680

indicator records

5

age groups

Snapshot retrieved August 16, 2026

Source: Georgia Department of Early Care and Learning - GELDS live portal

The official portal is actively updating its standards, indicators, and examples. This handbook preserves the live portal inventory on the retrieval date.

About this reference

This handbook contains every standard and indicator description visible through the GELDS live portal on August 16, 2026. Indicators are grouped under their portal standard and ordered by age group. Each indicator code links to its official detail panel.

UPDATE IN
PROGRESS

This dataset preserves the records visible in the live GELDS portal on the scope date. It should not be treated as a frozen edition while the official update notice remains active.

Portal coverage at a glance

Domain	Standards	Indicators
PDM - Physical Development and Motor Skills	6	77
SED - Social and Emotional Development	5	91
APL - Approaches to Play and Learning	5	67
CLL - Communication, Language, and Literacy	9	131
CD - Cognitive Development and General Knowledge	27	314

Source integrity note

The portal has 680 unique source IDs but 679 unique indicator codes. CLL1.0b is assigned to two different records: source ID 237 (Responds to simple directions) and source ID 238 (Responds to repeated words and phrases.). Both records are included.

Version context: the official 2026 Pre-K crosswalk contains 53 standards and includes CLL10, while this live birth-to-five portal snapshot contains 52 standards and remains transitional. The companion spreadsheet carries detailed provenance, rationale, examples, home connections, and video URLs where the portal supplies them.

PDM - Physical Development and Motor Skills

6 standards | 77 indicator records | 3 strands

Strand: Health and Well-Being

PDM1

The child will practice healthy and safe habits.

26 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM1.0a	Sleeps well and shows alertness during waking periods.
0-12 months	PDM1.0b	Initiates active play and engages in some physical activity.
0-12 months	PDM1.0c	Responds to verbal or physical signals of danger.
0-12 months	PDM1.0d	Reacts to simple directions to support safety.
0-12 months	PDM1.0e	Shows beginning awareness of personal health needs and self-care needs.
12-24 months	PDM1.1a	Sleeps well and wakes rested.
12-24 months	PDM1.1b	Actively participates in physical activity for three to five minutes at a time.
12-24 months	PDM1.1c	Identifies and tries to avoid dangers with assistance.
12-24 months	PDM1.1d	Communicates beginning understanding of dangerous situations.
12-24 months	PDM1.1e	Makes adult aware of personal and health needs and seeks assistance.
24-36 months	PDM1.2a	Sleeps well, wakes rested and ready for daily activities.
24-36 months	PDM1.2b	Actively participates in games, outdoor play, and other forms of physical activity for sustained periods of time.
24-36 months	PDM1.2c	Pays attention to simple safety instructions and avoids dangers with assistance.
24-36 months	PDM1.2d	Verbalizes simple safety rules.
24-36 months	PDM1.2e	Attends to personal health routines and self-care needs with some assistance from an adult.
36-48 months	PDM1.3a	Stays awake except during nap time.
36-48 months	PDM1.3b	Actively participates in a variety of both structured and unstructured indoor and outdoor physical activities for a sustained period of time.
36-48 months	PDM1.3c	Independently shows awareness of dangerous situations and responds with some knowledge of safety instructions.
36-48 months	PDM1.3d	Communicates to peers and adults when dangerous situations are observed.
36-48 months	PDM1.3e	Attends to personal health needs and self-care needs independently.
48-60 months	PDM1.4a	Stays awake and alert except during voluntary nap time.
48-60 months	PDM1.4b	Actively participates in a variety of both structured and unstructured indoor and outdoor activities for a sustained period of time that increase strength, endurance, and flexibility.
48-60 months	PDM1.4c	Consistently follows basic safety rules and anticipates consequences of not following safety rules.

Age group	Indicator	Indicator description
48-60 months	PDM1.4d	Communicates the importance of safety rules.
48-60 months	PDM1.4e	Identifies the importance of and participates in activities related to health and self-care needs.
48-60 months	PDM1.4f	Can name people who keep them safe and healthy.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Health and Well-Being

PDM2

The child will participate in activities related to nutrition.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM2.0a	Explores food with fingers.
0-12 months	PDM2.0b	Shows preference for food choices.
12-24 months	PDM2.1a	Distinguishes between food and non-food items.
12-24 months	PDM2.1b	Shows interest in and tries new foods.
24-36 months	PDM2.2a	Prepares nutritious snacks with adult assistance.
24-36 months	PDM2.2b	Eats a variety of nutritious foods and recognizes healthy foods.
36-48 months	PDM2.3a	Helps prepare nutritious snacks.
36-48 months	PDM2.3b	Distinguishes healthy food choices from less healthy food choices.
48-60 months	PDM2.4a	Helps prepare nutritious snacks and meals.
48-60 months	PDM2.4b	Sorts foods into food groups and communicates the benefits of healthy foods.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Use of Senses

PDM3

The child will demonstrate an awareness of the body in space and child's relationship to objects in space.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM3.0a	Moves body through space.
0-12 months	PDM3.0b	Exhibits body awareness and starts to move intentionally.

Age group	Indicator	Indicator description
12-24 months	PDM3.1a	Acts and moves with intention and purpose with some adult assistance.
12-24 months	PDM3.1b	Uses trial and error to discover how the body fits and moves through space.
24-36 months	PDM3.2a	Acts and moves with intention and purpose.
24-36 months	PDM3.2b	Demonstrates awareness of his/her own body in space.
36-48 months	PDM3.3a	Acts and moves with purpose and recognizes differences in direction, distance, and location with some adult assistance.
36-48 months	PDM3.3b	Demonstrates awareness of his/her own body in relation to others.
48-60 months	PDM3.4a	Acts and moves with purpose and independently recognizes differences in direction, distance, and location.
48-60 months	PDM3.4b	Demonstrates spatial awareness through play activities.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Use of Senses

PDM4

The child will use senses (sight, touch, hearing, smell, and taste) to explore the environment and process information.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM4.0a	Responds to what he/she sees, hears, touches, tastes, and smells.
0-12 months	PDM4.0b	Manipulates objects to see what will happen.
12-24 months	PDM4.1a	Engages in some sensory experiences.
12-24 months	PDM4.1b	Tries a new action with a familiar object.
24-36 months	PDM4.2a	Participates in a variety of sensory experiences and differentiates between the senses.
24-36 months	PDM4.2b	Tests objects to determine their purpose.
36-48 months	PDM4.3a	Uses senses purposefully to learn about objects.
36-48 months	PDM4.3b	Takes things apart and attempts to put them back together.
48-60 months	PDM4.4a	Discriminates between and identifies a variety of sights, smells, sounds, textures, and tastes.
48-60 months	PDM4.4b	Takes things apart and invents new structures using the parts.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Motor Skills

PDM5

The child will demonstrate gross motor skills.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM5.0a	Develops control of head and back, progressing to arms and legs.
0-12 months	PDM5.0b	Develops emerging coordination and balance, often with support.
12-24 months	PDM5.1a	Gains control and coordination of body movements.
12-24 months	PDM5.1b	Develops emerging coordination and balance.
24-36 months	PDM5.2a	Develops gross motor control for a range of physical activities.
24-36 months	PDM5.2b	Develops coordination and balance.
36-48 months	PDM5.3a	Coordinates movements to perform a task.
36-48 months	PDM5.3b	Demonstrates coordination and balance.
48-60 months	PDM5.4a	Coordinates movements to perform more complex tasks.
48-60 months	PDM5.4b	Demonstrates coordination and balance in a variety of activities.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Motor Skills

PDM6

The child will demonstrate fine motor skills.

11 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	PDM6.0a	Develops grasp reflex.
0-12 months	PDM6.0b	Coordinates motions using eyes and hands.
12-24 months	PDM6.1a	Gains control of hands and fingers.
12-24 months	PDM6.1b	Demonstrates hand-eye coordination and participates in a variety of activities to enhance coordination.
24-36 months	PDM6.2a	Coordinates the use of hands and fingers.
24-36 months	PDM6.2b	Performs simple fine motor skills.
36-48 months	PDM6.3a	Refines grasp to manipulate tools and objects.
36-48 months	PDM6.3b	Uses hand-eye coordination to manipulate smaller objects with increasing control.

Age group	Indicator	Indicator description
48-60 months	PDM6.4a	Performs fine-motor tasks that require small-muscle strength and control.
48-60 months	PDM6.4b	Uses hand-eye coordination to manipulate small objects with ease.
48-60 months	PDM6.4c	Able to perform more complex fine motor tasks with accuracy 50% of the time.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

SED - Social and Emotional Development

5 standards | 91 indicator records | 3 strands

Strand: Developing a Sense of Self

SED1

The child will develop self-awareness.

18 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	SED1.0a	Responds to an image of self.
0-12 months	SED1.0b	Responds to his/her name.
0-12 months	SED1.0c	Aware of his/her own abilities/preferences.
12-24 months	SED1.1a	Identifies image of self.
12-24 months	SED1.1b	Says his/her name.
12-24 months	SED1.1c	Shows knowledge of his/her own abilities/preferences.
24-36 months	SED1.2a	Uses gestures and actions to reference self when interacting with others.
24-36 months	SED1.2b	Uses pronouns such as I, me and mine.
24-36 months	SED1.2c	Shows sense of satisfaction in his/her own abilities/preferences.
24-36 months	SED1.2d	Shows emerging independence by occasionally resisting adult control.
36-48 months	SED1.3a	Recognizes self as a unique individual.
36-48 months	SED1.3b	Demonstrates knowledge of personal information.
36-48 months	SED1.3c	Shows sense of satisfaction in his/her own abilities, preferences and accomplishments.
36-48 months	SED1.3d	Shows emerging sense of independence in his/her own choices.
48-60 months	SED1.4a	Identifies self as a unique member of a specific group or demographic that fits into a larger world picture.
48-60 months	SED1.4b	Identifies personal characteristics, preferences, thoughts and feelings.
48-60 months	SED1.4c	Shows confidence in a range of abilities and the capacity to take on and accomplish new tasks.
48-60 months	SED1.4d	Shows independence in his/her own choices.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Developing a Sense of Self

SED2

The child will engage in self-expression.

12 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	SED2.0a	Makes sounds, facial expressions or body movements to express needs and feelings of comfort or discomfort.
0-12 months	SED2.0b	Uses sounds, facial expressions or body movements to express simple emotions of contentment or discontent.
12-24 months	SED2.1a	Uses sounds, facial expressions or gestures to express needs and preferences.
12-24 months	SED2.1b	Displays a range of basic emotions such as happiness, sadness and fear.
24-36 months	SED2.2a	Uses verbal expressions and gestures to communicate needs, opinions, ideas and preferences.
24-36 months	SED2.2b	Uses verbal and non-verbal expressions to demonstrate basic emotions such as anger, happiness and sadness.
36-48 months	SED2.3a	Uses a combination of words, phrases and actions to communicate needs, ideas, opinions and preferences.
36-48 months	SED2.3b	With adult guidance, uses verbal and non-verbal expressions to demonstrate a larger range of emotions such as frustration, jealousy and enthusiasm.
48-60 months	SED2.4a	Effectively uses words, sentences and actions to communicate needs, ideas, opinions and preferences.
48-60 months	SED2.4b	With adult guidance, uses verbal and non-verbal expressions to describe and explain a full range of emotions.
48-60 months	SED2.4c	Uses pretend-play to show emotions of self and others.
48-60 months	SED2.4d	With adult guidance, distinguishes between positive and negative emotions, and the conditions that evoke each.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Self-Regulation

SED3

The child will begin to demonstrate self-control.

20 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	SED3.0a	Depends on simple routines provided by adults.
0-12 months	SED3.0b	Self-soothes when held, rocked or talked to by teacher.

Age group	Indicator	Indicator description
0-12 months	SED3.0c	Responds to negative and positive reactions.
0-12 months	SED3.0d	Develops an awareness of transitions and schedule/routines with adult prompts.
12-24 months	SED3.1a	Follows simple routines in a group setting with adult support, such as eating, napping or playing.
12-24 months	SED3.1b	Self-soothes with minimal adult support.
12-24 months	SED3.1c	Demonstrates the beginnings of impulse control with adult guidance.
12-24 months	SED3.1d	Accepts transitions and changes to schedules/routines with adult support.
24-36 months	SED3.2a	Displays understanding of engaging in routines, rules and appropriate social behavior.
24-36 months	SED3.2b	Self-soothes independently.
24-36 months	SED3.2c	Regulates some impulses with adult guidance.
24-36 months	SED3.2d	Responds to transitions and changes to schedules/routines.
36-48 months	SED3.3a	Remembers and follows simple group rules and displays appropriate social behavior.
36-48 months	SED3.3b	Regulates own emotions and behaviors with adult support when needed.
36-48 months	SED3.3c	Regulates a range of impulses with adult guidance.
36-48 months	SED3.3d	Manages transitions and adapts to changes in schedules and routines with adult support.
48-60 months	SED3.4a	Independently follows rules and routines.
48-60 months	SED3.4b	Regulates own emotions and behaviors, and seeks out adult support when needed.
48-60 months	SED3.4c	Regulates a range of impulses.
48-60 months	SED3.4d	Manages transitions and adapts to changes in schedules and routines independently.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Developing a sense of self with others

SED4

The child will develop relationships and social skills with adults.

18 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	SED4.0a	Responds differently to familiar and unfamiliar adults.
0-12 months	SED4.0b	Develops trust and attachment toward significant adults.
0-12 months	SED4.0c	Imitates examples of affection with familiar adults.
12-24 months	SED4.1a	Engages in interactions with familiar adults and responds to unfamiliar adults cautiously.
12-24 months	SED4.1b	Shows feelings of security with familiar adults.
12-24 months	SED4.1c	Shows beginning signs of affection with familiar adults.

Age group	Indicator	Indicator description
24-36 months	SED4.2a	Stays connected with familiar adults using gestures, glances and verbal interaction.
24-36 months	SED4.2b	Looks to familiar adults for reassurance when trying new tasks.
24-36 months	SED4.2c	Shows nonverbal affection to familiar adults.
24-36 months	SED4.2d	Occasionally seeks out adult for help.
36-48 months	SED4.3a	Shows signs of security and trust when separated from familiar adults.
36-48 months	SED4.3b	Uses a familiar adult's facial expression to decide how to respond.
36-48 months	SED4.3c	Shows affection to familiar adults by using words and actions.
36-48 months	SED4.3d	Seeks out adult for help.
48-60 months	SED4.4a	Transitions well into new, unfamiliar settings.
48-60 months	SED4.4b	Uses a familiar adult's suggestions to decide how to respond to a specific situation.
48-60 months	SED4.4c	Shows affection to familiar adults by using more complex words and actions.
48-60 months	SED4.4d	Seeks out adults as a resource for help and assistance.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Developing a sense of self with others

SED5

The child will develop relationships and social skills with peers.

23 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	SED5.0a	Demonstrates interest/excitement when other students enter the room.
0-12 months	SED5.0b	Engages in solitary play around other children.
0-12 months	SED5.0c	Shows awareness of possible conflicts by crying, turning away or showing distress.
0-12 months	SED5.0d	Observes peers who are experiencing a need or discomfort.
12-24 months	SED5.1a	Begins to relate to and show enjoyment in interactions with other children.
12-24 months	SED5.1b	Engages in mostly solitary play with some parallel play.
12-24 months	SED5.1c	Engages in conflicts with peers regarding possession of items.
12-24 months	SED5.1d	Shows awareness of feelings displayed by peers.
24-36 months	SED5.2a	At times, shows a preference to play with a familiar child.
24-36 months	SED5.2b	Plays alongside other children for short periods Observes and imitates other children.
24-36 months	SED5.2c	Occasionally resolves peer conflicts with adult support.
24-36 months	SED5.2d	Recognizes and names the feelings of peers with adult support.

Age group	Indicator	Indicator description
24-36 months	SED5.2e	Shows awareness of peers' personal space and belongings.
36-48 months	SED5.3a	Initiates play with one or two other children.
36-48 months	SED5.3b	Engages in mutual/cooperative play.
36-48 months	SED5.3c	Seeks adult support to resolve some peer conflicts.
36-48 months	SED5.3d	Recognizes and names the feelings of peers with adult support.
36-48 months	SED5.3e	Shows emerging respect for peers' personal space and belongings.
48-60 months	SED5.4a	Develops and maintains friendships with other children.
48-60 months	SED5.4b	Plays cooperatively with a few peers for a sustained period of time.
48-60 months	SED5.4c	Attempts to resolve peer conflicts using appropriate strategies.
48-60 months	SED5.4d	Shows emerging empathy and understanding of peers by attempting to comfort and help.
48-60 months	SED5.4e	Shows respect for peers' personal space and belongings.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

APL - Approaches to Play and Learning

5 standards | 67 indicator records | 3 strands

Strand: Initiative and Exploration

APL1

The child will demonstrate initiative and self-direction.

15 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	APL1.0a	Exhibits interest in people and things in their surroundings.
0-12 months	APL1.0b	Occasionally demonstrates desire to complete simple tasks by self.
0-12 months	APL1.0c	Selects an item of interest by pointing and/or reaching for object.
12-24 months	APL1.1a	Uses available senses to learn and explore their environment.
12-24 months	APL1.1b	Demonstrates desire to complete more complex tasks by self.
12-24 months	APL1.1c	Selects book or toy from several options.
24-36 months	APL1.2a	Tries inventive or new ways of using materials or completing tasks.
24-36 months	APL1.2b	Verbally expresses desire to complete tasks by self.
24-36 months	APL1.2c	Independently selects materials and utilizes those materials.
36-48 months	APL1.3a	Initiates new tasks by him/herself.
36-48 months	APL1.3b	Makes choices and complete some independent activities.
36-48 months	APL1.3c	Makes plans and follows through on intentions.
48-60 months	APL1.4a	Takes initiative to learn new concepts and try new experiences - Initiates and completes new tasks by himself/herself.
48-60 months	APL1.4b	Selects and carries out activities without adult prompting.
48-60 months	APL1.4c	Sets goals and develops and follows through on plans.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Initiative and Exploration

APL2

The child will demonstrate interest and curiosity.

13 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	APL2.0a	Shows eagerness and delight in self, others and surroundings.

Age group	Indicator	Indicator description
0-12 months	APL2.0b	Shows curiosity/interest in his or her surroundings.
12-24 months	APL2.1a	Shows interest in what others are doing.
12-24 months	APL2.1b	Begins to show curiosity/interest in new objects, experiences and people.
24-36 months	APL2.2a	Seeks information from others.
24-36 months	APL2.2b	Asks questions about familiar objects, people and experiences.
24-36 months	APL2.2c	Explores and manipulates familiar objects in the environment.
36-48 months	APL2.3a	Demonstrates an increased willingness to participate in both familiar and new experiences.
36-48 months	APL2.3b	Asks questions about unfamiliar objects, people and experiences.
36-48 months	APL2.3c	Explores and manipulates both familiar and unfamiliar objects in the environment.
48-60 months	APL2.4a	Demonstrates eagerness to learn about and discuss new topics, ideas and tasks.
48-60 months	APL2.4b	Asks questions and seeks new information With assistance, looks for new information and wants to know more.
48-60 months	APL2.4c	Increasingly seeks out and explores unfamiliar objects in the environment.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Attentiveness and Persistence

APL3

The child will sustain attention to a specific activity and demonstrate persistence.

20 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	APL3.0a	Examines a toy, rattle or face for a brief period of time.
0-12 months	APL3.0b	Explorers a person or object for a minimum of 1-3 minutes.
0-12 months	APL3.0c	Continues to express distress when needs are not met.
0-12 months	APL3.0d	Repeats actions to make something happen again.
12-24 months	APL3.1a	Engages and persists with an activity, toy or object.
12-24 months	APL3.1b	Demonstrates focus on a specific task or activity.
12-24 months	APL3.1c	Tries a variety of approaches to getting what he/she wants.
12-24 months	APL3.1d	Repeats interesting actions over and over to gain skills and confidence.
24-36 months	APL3.2a	Engages in teacher-directed activity for short periods of time.
24-36 months	APL3.2b	Demonstrates focus on a teacher-directed activity for a short period of time.
24-36 months	APL3.2c	Shows persistence in activities of interest despite interruptions.

Age group	Indicator	Indicator description
24-36 months	APL3.2d	Repeats successful actions and experiences.
36-48 months	APL3.3a	Engages in an activity for sustained periods of time to achieve a goal.
36-48 months	APL3.3b	Wants to complete activities and do them well.
36-48 months	APL3.3c	Begins to work cooperatively with others to achieve a goal or accomplish a task.
36-48 months	APL3.3d	Keeps working on activity even after setbacks.
48-60 months	APL3.4a	Engages in independent activities and continues tasks over a period of time.
48-60 months	APL3.4b	Practices to improve skills that have been accomplished.
48-60 months	APL3.4c	Works cooperatively with others to successfully achieve a goal or accomplish a task.
48-60 months	APL3.4d	Persists in trying to complete a task after previous attempts have failed.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Play

APL4

The child will engage in a progression of imaginative play.

5 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	APL4.0a	Manipulates objects and imitates actions observed.
12-24 months	APL4.1a	Uses objects for a real or imagined purpose.
24-36 months	APL4.2a	Substitutes one object for another in pretend play or pretends with objects that may or may not be present.
36-48 months	APL4.3a	Uses imagination to create a variety of ideas, role-plays and fantasy situations.
48-60 months	APL4.4a	Engages in elaborate and sustained imagined play, and can distinguish between real life and fantasy.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Play

APL5

The child will demonstrate a cooperative and flexible approach to play and learning.

14 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	APL5.0a	Engages in solitary play around other children.
12-24 months	APL5.1a	Plays independently with some interaction with other children.
24-36 months	APL5.2a	Participates in play and learning activities with a small group of children for short periods of time.
24-36 months	APL5.2b	Helps and shares in a social setting with adult guidance.
24-36 months	APL5.2c	Shows creativity, inventiveness and flexibility in his/her approach to play with adult guidance.
36-48 months	APL5.3a	Occasionally joins in cooperative play and learning in a group setting.
36-48 months	APL5.3b	Plans, initiates and completes cooperative activities with adult guidance.
36-48 months	APL5.3c	Finds a creative, inventive way of doing a familiar task or solving a problem with adult guidance.
36-48 months	APL5.3d	Demonstrates emerging flexibility in his/her approach to play and learning.
48-60 months	APL5.4a	Willingly joins in sustained cooperative play and learning with others to complete a task.
48-60 months	APL5.4b	Demonstrates flexibility in taking on various roles in a group setting.
48-60 months	APL5.4c	Demonstrates inventiveness, imagination and creativity to solve a problem.
48-60 months	APL5.4d	Considers a variety of possible solutions and exhibits flexibility if an alternative approach is suggested by a peer or adult.
48-60 months	APL5.4e	Recovers quickly from setbacks and differences in opinion in a group setting.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

CLL - Communication, Language, and Literacy

9 standards | 131 indicator records | 4 strands

Strand: Receptive Language

CLL1

The child will develop comprehension through listening to conversations, songs, stories, and books.

14 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL1.0a	Reacts to environmental sounds and verbal communication.
0-12 months	CLL1.0b	Responds to simple directions
0-12 months	CLL1.0b	Responds to repeated words and phrases.
12-24 months	CLL1.1a	Responds to a language during conversations, songs, stories or other experiences.
12-24 months	CLL1.1b	Responds to adult questions and requests with gestures, actions, or verbal responses.
12-24 months	CLL1.1c	Responds to and follows one-step directions.
24-36 months	CLL1.2a	Listens to and responds to brief conversations and group discussions.
24-36 months	CLL1.2b	Responds to adults with answers that match the question or request.
24-36 months	CLL1.2c	Responds to and follows simple two-step directions.
36-48 months	CLL1.3a	Listens and responds to conversations and group discussions.
36-48 months	CLL1.3b	Responds with answers that match more complex questions and requests.
36-48 months	CLL1.3c	Listens to and follows multi-step directions.
48-60 months	CLL1.4a	Listens and responds on topic to conversations and group discussions for an extended period.
48-60 months	CLL1.4b	Responds to questions using expanded sentences and with greater detail.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Receptive Language

CLL2

The child will acquire vocabulary introduced through conversations, songs, activities, stories, and books.

13 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL2.0a	Responds to familiar names, voices, and objects.
0-12 months	CLL2.0b	Responds to talking, singing or reading.

Age group	Indicator	Indicator description
12-24 months	CLL2.1a	Demonstrates understanding of simple vocabulary through their actions.
12-24 months	CLL2.1b	Listens and responds to simple stories, songs, or rhymes.
24-36 months	CLL2.2a	Demonstrates understanding of simple vocabulary in routines, conversations, and play.
24-36 months	CLL2.2b	Demonstrates understanding of familiar vocabulary from activities, stories, songs, and books.
24-36 months	CLL2.2c	Makes real-world connections between vocabulary and real-life experiences with adult support.
36-48 months	CLL2.3a	Demonstrates understanding of newly introduced vocabulary during routines, conversations, and play.
36-48 months	CLL2.3b	Demonstrates understanding of new vocabulary from activities, stories, songs, and books.
36-48 months	CLL2.3c	Begins to make real-world connections between vocabulary and real-life experiences independently.
48-60 months	CLL2.4a	Demonstrates understanding of increasingly complex vocabulary during routines, conversations, and play.
48-60 months	CLL2.4b	Demonstrates understanding of increasingly complex vocabulary from activities, stories, songs, and books.
48-60 months	CLL2.4c	Makes real-world connections between vocabulary and real-life experiences independently.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Expressive Language

CLL3

The child will use nonverbal communication for a variety of purposes.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL3.0a	Communicates needs and wants through non-verbal gestures and facial expressions.
0-12 months	CLL3.0b	Attempts to communicate feelings through facial expressions.
12-24 months	CLL3.1a	Communicates needs and wants through non-verbal gestures and actions.
12-24 months	CLL3.1b	Begins to use facial expressions, non-verbal gestures, or actions used by others to express feelings with adult support.
24-36 months	CLL3.2a	Communicates needs and wants through non-verbal gestures and actions along with verbal communication.
24-36 months	CLL3.2b	Uses some facial expressions, nonverbal gestures, and actions to express feelings with little adult support.
36-48 months	CLL3.3a	Uses gestures and actions to enhance verbal communication of needs and wants.
36-48 months	CLL3.3b	Uses a variety of nonverbal gestures, facial expressions, and actions to independently communicate feelings.
48-60 months	CLL3.4a	Uses gestures and facial expressions to enhance verbal communication.

Age group	Indicator	Indicator description
48-60 months	CLL3.4b	Intentionally uses a wide range of nonverbal gestures, facial expressions, and body language to clearly express feelings and respond to others' emotions.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Expressive Language

CLL4

The child will use increasingly complex spoken language.

21 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL4.0a	Engages in back-and-forth vocal play with adult.
0-12 months	CLL4.0b	Uses crying and other vocal signals to communicate.
12-24 months	CLL4.1a	Experiments with spontaneous vocal play.
12-24 months	CLL4.1b	Uses one- to two-word phrases to communicate.
12-24 months	CLL4.1c	Uses simple vocabulary to share ideas.
12-24 months	CLL4.1d	Begins to ask simple questions, may simply change voice inflection to indicate a question.
24-36 months	CLL4.2a	Combines sounds, words, and/or phrases and uses tone and inflection to communicate meaning.
24-36 months	CLL4.2b	Uses three- to four-word phrases that include describing words.
24-36 months	CLL4.2c	Describes experiences using simple words or short phrases.
24-36 months	CLL4.2d	Asks simple questions with who, what, when, where, why, and how.
24-36 months	CLL4.2e	Uses new words to name or describe familiar people, places, and things.
36-48 months	CLL4.3a	Speaks clearly enough to be understood.
36-48 months	CLL4.3b	Uses longer, more complex sentences to explain, describe, or question.
36-48 months	CLL4.3c	Describes activities and experiences using details.
36-48 months	CLL4.3d	Asks questions to engage in a conversation.
36-48 months	CLL4.3e	Uses an expanding vocabulary across play, routines, and conversations.
48-60 months	CLL4.4a	Uses spoken language that can be understood with ease.
48-60 months	CLL4.4b	Uses expanded sentences and varied sentence structures to participate in conversations and express ideas.
48-60 months	CLL4.4c	Describes activities, experiences, and stories with more detail.
48-60 months	CLL4.4d	Asks questions to engage in conversation and to learn more about themselves, others, and the world.
48-60 months	CLL4.4e	Uses new and expanded vocabulary to share ideas, explain thinking, and tell stories.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Early Reading

CLL5

The child will demonstrate print awareness and understand how print represents spoken language.

20 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL5.0a	Shows interest in books by reaching for books and explores books through touch.
0-12 months	CLL5.0b	Imitates adults by pointing to pictures.
12-24 months	CLL5.1a	Asks to have books read to them.
12-24 months	CLL5.1b	Touches or identifies pictures when prompted.
12-24 months	CLL5.1c	Holds a book and helps turn pages.
12-24 months	CLL5.1d	With adult guidance, recognizes some familiar logos in the environment.
24-36 months	CLL5.2a	Recognizes and self-selects familiar books to mimic independent reading.
24-36 months	CLL5.2b	With prompting and support, discriminates words from pictures.
24-36 months	CLL5.2c	Holds a book right side up and turns the pages one at a time.
24-36 months	CLL5.2d	With adult guidance, recognizes some environmental print.
36-48 months	CLL5.3a	Shares self-selected familiar books and engages in pretend reading with others.
36-48 months	CLL5.3b	Discriminates words from pictures independently.
36-48 months	CLL5.3c	Independently holds a book right side up and turns pages from right to left.
36-48 months	CLL5.3d	Recognizes environmental print.
36-48 months	CLL5.3e	With adult guidance, points to the title of familiar books or stories and where to begin reading a story.
48-60 months	CLL5.4a	Demonstrates interest in different kinds of literature, such as fiction and non-fiction books and poetry, on a range of topics.
48-60 months	CLL5.4b	Recognizes that letters form words and that words, separated by spaces, combine to form sentences in print.
48-60 months	CLL5.4c	Independently holds a book right side up, turns pages, and mimics reading skills while re-telling a familiar story.
48-60 months	CLL5.4d	Recognizes and reads environmental print.
48-60 months	CLL5.4e	With prompting and support, tracks words from left to right, top to bottom and page to page.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Early Reading

CLL6

The child will acquire meaning from a variety of materials read with them.

17 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL6.0a	Shows interest in shared reading experiences and looking at books.
12-24 months	CLL6.1a	With prompting and support, makes sounds that relate to pictures in books.
12-24 months	CLL6.1b	Shows preference for familiar stories.
12-24 months	CLL6.1c	With prompting and support, responds to simple questions about a story.
24-36 months	CLL6.2a	Uses words to describe or name pictures when reading.
24-36 months	CLL6.2b	Shows preference for familiar stories and can repeat phrases.
24-36 months	CLL6.2c	Answers simple questions about a story.
24-36 months	CLL6.2d	Makes real-world connections between stories and real-life experiences with adult support.
36-48 months	CLL6.3a	Prior to reading, uses pictures to predict story content.
36-48 months	CLL6.3b	With prompting and support, retells a simple story using pictures.
36-48 months	CLL6.3c	Answers questions about a story.
36-48 months	CLL6.3d	Begins to make real-world connections between stories and real-life experiences independently.
48-60 months	CLL6.4a	Before reading, uses prior knowledge, story title and pictures to make predictions about story content.
48-60 months	CLL6.4b	Retells familiar stories.
48-60 months	CLL6.4c	Discusses books or stories read aloud and can identify characters and setting in a story.
48-60 months	CLL6.4d	Makes real-world connections between stories and real-life experiences independently.
48-60 months	CLL6.4e	Develops an alternate ending for a story.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Early Reading

CLL7

The child will develop early phonological awareness (awareness of the units of sound) and phonemic awareness (manipulating the individual sounds in words).

16 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CLL7.0a	Listens to simple nursery rhymes, songs and chants.
12-24 months	CLL7.1a	Listens to and participates in familiar nursery rhymes, songs and chants.
12-24 months	CLL7.1b	Participates in songs, fingerplays or other activities with rhyming words.
24-36 months	CLL7.2a	Listens to and imitates sounds in familiar nursery rhymes, songs and chants.
24-36 months	CLL7.2b	Experiments with rhyming words.
36-48 months	CLL7.3a	Listens and matches rhythm, volume and pitch of rhymes, songs, and chants.
36-48 months	CLL7.3b	Identifies and produces rhyming words with adult guidance.
36-48 months	CLL7.3c	Isolates the beginning sounds (phonemes) in words with adult guidance.
36-48 months	CLL7.3d	Segments sentences into individual words with adult guidance.
36-48 months	CLL7.3e	Segments words into syllables with adult guidance.
48-60 months	CLL7.4a	Matches and begins to create new rhymes, songs, and chants.
48-60 months	CLL7.4b	Identifies and produces rhyming words with real or invented words.
48-60 months	CLL7.4c	Produces words with the same beginning sound (phoneme) with guidance.
48-60 months	CLL7.4d	Segments sentences into individual words.
48-60 months	CLL7.4e	Segments words into syllables.
48-60 months	CLL7.4f	Manipulates and blends sounds (phonemes) with adult guidance.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Early Reading

CLL8

The child will demonstrate increasing knowledge of the alphabet.

6 indicator records across 3 age groups

Age group	Indicator	Indicator description
24-36 months	CLL8.2a	With prompting and support, can point to a few letters that are familiar to them.

Age group	Indicator	Indicator description
24-36 months	CLL8.2b	With adult prompting, begins to repeat the beginning letter sound of familiar words.
36-48 months	CLL8.3a	With prompting and support, names some alphabet letters (upper case or lower case), including letters in their own name, as well as letters often found in the environment.
36-48 months	CLL8.3b	With support, begins to match the beginning letter and letter sound in familiar words.
48-60 months	CLL8.4a	Recognizes and names at least half of the letters of the alphabet (upper case or lower case), including letters in their own name, as well as letters often in the environment.
48-60 months	CLL8.4b	Identifies the beginning letter of a word and produces the corresponding letter sound with adult support.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Strand: Early Writing

CLL9

The child will demonstrate emerging writing skills.

14 indicator records across 4 age groups

Age group	Indicator	Indicator description
12-24 months	CLL9.1a	Begins to make simple marks and scribbles.
12-24 months	CLL9.1b	Begins to use simple writing tools to make marks.
24-36 months	CLL9.2a	Produces controlled scribbling and scribble lines.
24-36 months	CLL9.2b	Experiments with a variety of writing tools, materials and surfaces.
24-36 months	CLL9.2c	Makes marks or scribbles across the page in any direction.
24-36 months	CLL9.2d	Scribbles or makes random marks to represent name.
36-48 months	CLL9.3a	Creates writing with letter-like symbols and letters.
36-48 months	CLL9.3b	Uses a variety of writing tools in an appropriate manner showing increasing muscular control.
36-48 months	CLL9.3c	Attempts to write in lines or rows, though direction may vary.
36-48 months	CLL9.3d	Attempts to write own name with a combination of letters and letter-like symbols.
48-60 months	CLL9.4a	Writes some letters of the alphabet (upper case or lower case).
48-60 months	CLL9.4b	Consistently holds and uses a variety of writing tools with fingers, sometimes using a three-finger grasp.
48-60 months	CLL9.4c	Shows increasing awareness that writing goes from left to right and top to bottom.
48-60 months	CLL9.4d	Begins to write own name using mostly correct letters in order.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

CD - Cognitive Development and General Knowledge

27 standards | 314 indicator records | 19 strands

Subdomain: Math | Strand: Number, Quantity, and Operations

CD-MA1

The child will organize, represent, and build knowledge of number and quantity.

18 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA1.0a	Observes simple songs or finger-plays that involve numbers and quantity.
0-12 months	CD-MA1.0b	Observes printed numerals in pictures, books, or objects
0-12 months	CD-MA1.0c	Uses words and/or gestures to request "more" in reference to food or during play
12-24 months	CD-MA1.1a	Imitates rote counting using numbers.
12-24 months	CD-MA1.1b	Participates in simple songs that involve number and quantity.
12-24 months	CD-MA1.1c	Attaches meaning to names for numbers, with adult support.
24-36 months	CD-MA1.2a	Recites numbers up to five in sequence.
24-36 months	CD-MA1.2b	Recognizes some numerals in the everyday environment.
24-36 months	CD-MA1.2c	Begins to understand that numbers of objects can be symbolized by printed numerals.
36-48 months	CD-MA1.3a	Recites numbers up to 10 in sequence.
36-48 months	CD-MA1.3b	Recognizes numerals and quantities in the everyday environment.
36-48 months	CD-MA1.3c	Matches numerals to sets of objects with the same number, 0–5.
36-48 months	CD-MA1.3d	Quickly recognizes and names how many items are in a set of up to three items (subitizing)
48-60 months	CD-MA1.4a	Recites numbers up to 20 in sequence.
48-60 months	CD-MA1.4b	Recognizes numerals and uses counting as part of play and as a means for determining quantity.
48-60 months	CD-MA1.4c	Matches numerals to sets of objects with the same number, 0–10.
48-60 months	CD-MA1.4d	Quickly recognizes and names how many items are in a set of up to five items (subitizing)
48-60 months	CD-MA1.4e	With adult guidance and when counting, understands and can respond with the last number counted to represent quantity (cardinality).

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Number, Quantity, and Operations

CD-MA2

The child will explore, compare, describe relationships, and solve problems using number and quantity.

17 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA2.0a	Participates in simple counting of objects when led by adult.
12-24 months	CD-MA2.1a	Counts groups of one and two objects with adult guidance.
12-24 months	CD-MA2.1b	Applies number and counting to daily routine with adult guidance.
12-24 months	CD-MA2.1c	Shows awareness of quantity by noticing and responding to changes in amount, such as recognizing 'more' or 'all gone'
24-36 months	CD-MA2.2a	Matches two equal sets using one-to-one correspondence with adult guidance.
24-36 months	CD-MA2.2b	Counts up to three objects using one-to-one correspondence with adult guidance
24-36 months	CD-MA2.2c	Shows awareness of quantity by comparing amounts using simple words, such as 'more' or 'less' during play and routines
24-36 months	CD-MA2.2d	Participates in creating simple, real and pictorial graphs.
36-48 months	CD-MA2.3a	Matches two equal sets using one-to-one correspondence independently.
36-48 months	CD-MA2.3b	Counts up to five objects using one-to-one correspondence with adult guidance.
36-48 months	CD-MA2.3c	Demonstrates understanding of quantity by comparing and identifying which group of items has more, fewer, or the same
36-48 months	CD-MA2.3d	Participates in creating and using real and pictorial graphs or other simple representations of data.
48-60 months	CD-MA2.4a	Matches two equal sets using one-to-one correspondence and understands that they are the same independently.
48-60 months	CD-MA2.4b	Counts at least 10 objects using one-to-one correspondence.
48-60 months	CD-MA2.4c	Demonstrates understanding of quantity by comparing and estimating amounts and explaining which group has more, fewer, or the same
48-60 months	CD-MA2.4d	Describes data from classroom graphs using numerical math language.
48-60 months	CD-MA2.4e	Tells numbers that come before and after a given number up to 10.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Number, Quantity, and Operations

CD-MA3

The child will reason, estimate, and share solutions when solving problems with number and quantity.

7 indicator records across 2 age groups

Age group	Indicator	Indicator description
36-48 months	CD-MA3.3a	Begins to recognize that objects or sets can be put together or taken apart with adult support (composition and decomposition)
36-48 months	CD-MA3.3b	Practices estimating using mathematical terms and numbers with adult guidance.
36-48 months	CD-MA3.3c	Shows interest in solving mathematical problems involving number and quantity
48-60 months	CD-MA3.4a	Practices putting together, taking apart, and naming quantities (composition and decomposition)
48-60 months	CD-MA3.4b	Estimates "how many" using mathematical terms and understands how to check the estimate
48-60 months	CD-MA3.4c	Uses simple strategies to solve number mathematical problems and communicates how they solved it
48-60 months	CD-MA3.4d	Uses reasoning skills to determine the solution to a mathematical problem and communicates why.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Measurement and Comparison

CD-MA4

The child will explore and communicate about distance, weight, length, height and time.

9 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA4.0a	Plays with toys and objects with different sizes and shapes.
12-24 months	CD-MA4.1a	Uses size words appropriately.
12-24 months	CD-MA4.1b	Explores standard and non-standard measuring tools
24-36 months	CD-MA4.2a	Develops vocabulary for length, weight and height.
24-36 months	CD-MA4.2b	Uses standard and non-standard measurement tools in play activities
36-48 months	CD-MA4.3a	Labels objects using size words.
36-48 months	CD-MA4.3b	Uses a variety of standard and non-standard tools to measure object attributes with assistance.
48-60 months	CD-MA4.4a	Uses mathematical terms to describe experiences involving measurement.
48-60 months	CD-MA4.4b	Uses a variety of techniques and standard and non-standard tools to measure and compare length, volume (capacity) and weight.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Measurement and Comparison

CD-MA5

The child will reason, estimate, and share solutions when solving problems with measurement.

9 indicator records across 4 age groups

Age group	Indicator	Indicator description
12-24 months	CD-MA5.1a	Explores and identifies objects that are big or small, heavy or light, and tall or short, with assistance.
24-36 months	CD-MA5.2a	Makes simple comparisons between two objects, such as bigger or smaller, heavier or lighter, taller or shorter
36-48 months	CD-MA5.3a	Compares two or more objects using a single attribute, such as length, weight or size. Matches items of similar sizes
36-48 months	CD-MA5.3b	Shows interest in solving mathematical problems involving measurement
36-48 months	CD-MA5.3c	Uses emerging reasoning skills to determine a solution to a measurement mathematical problem
48-60 months	CD-MA5.4a	Compares objects using two or more attributes, such as length, weight and size.
48-60 months	CD-MA5.4b	Uses simple strategies to solve measurement mathematical problems and communicates how they solved it
48-60 months	CD-MA5.4c	Uses reasoning skills to determine the solution to a measurement mathematical problem and communicates why
48-60 months	CD-MA5.4d	Estimates objects measurable characteristics or attributes using mathematical terms and understands how to check the estimate

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Patterns

CD-MA6

The child will sort, put items in order (seriate), classify, and create patterns.

19 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA6.0a	Shows awareness of consistent daily routines.
0-12 months	CD-MA6.0b	Explores objects with different characteristics.
0-12 months	CD-MA6.0d	Begins to imitate simple sounds and movements.
12-24 months	CD-MA6.1a	Begins to predict daily routines.
12-24 months	CD-MA6.1b	Orders (seriates) a few objects by characteristics with adult guidance
12-24 months	CD-MA6.1c	Differentiates between two objects with different characteristics with adult guidance.

Age group	Indicator	Indicator description
12-24 months	CD-MA6.1d	Copies patterns using sounds or physical movements, with adult prompting and guidance.
24-36 months	CD-MA6.2a	Identifies daily routines and changes in routine.
24-36 months	CD-MA6.2b	Orders (seriates) several objects on the basis of one characteristic through trial and error
24-36 months	CD-MA6.2c	Matches objects with similar attributes or characteristics.
24-36 months	CD-MA6.2d	Recognizes simple patterns in the environment.
36-48 months	CD-MA6.3a	Predicts upcoming events from prior knowledge.
36-48 months	CD-MA6.3b	Independently orders (seriates) objects using one characteristic
36-48 months	CD-MA6.3c	Sorts objects by one attribute, such as color, shape or size.
36-48 months	CD-MA6.3d	Identifies and duplicates simple, repeating patterns.
48-60 months	CD-MA6.4a	Associates and describes the passage of time with actual events.
48-60 months	CD-MA6.4b	Independently orders (seriates) objects using one characteristic and describes the criteria used
48-60 months	CD-MA6.4c	Sorts and classifies objects using one or more attributes or relationships.
48-60 months	CD-MA6.4d	Creates and extends simple, repeating patterns.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Patterns

CD-MA7

The child will reason, estimate, and share solutions when solving problems with patterns.

3 indicator records across 2 age groups

Age group	Indicator	Indicator description
36-48 months	CD-MA7.3a	Begins to identify patterns and predicts what comes next using emerging reasoning skills
48-60 months	CD-MA7.4a	Uses simple strategies to create and extend patterns and communicates how they solved it
48-60 months	CD-MA7.4b	Uses reasoning skills to determine what comes next in a pattern and communicates why

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Spatial Thinking

CD-MA8

The child will explore, recognize and describe spatial relationships between objects.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA8.0a	Explores relationships between objects through play.
0-12 months	CD-MA8.0b	Explores simple objects to make them fit.
12-24 months	CD-MA8.1a	When modeled by an adult, attempts to move objects in different directions, such as up, down, around or under.
12-24 months	CD-MA8.1b	With prompting and guidance, begins to slide, rotate and flip objects to make them fit.
24-36 months	CD-MA8.2a	Practices using directionality and uses directional words
24-36 months	CD-MA8.2b	With some adult guidance, demonstrates increasing ability to slide, rotate and flip objects to make them fit.
36-48 months	CD-MA8.3a	Follows simple directions which demonstrates an understanding of directionality, order and position of objects.
36-48 months	CD-MA8.3b	Begins to use increasingly intentional actions when connecting or fitting objects together
48-60 months	CD-MA8.4a	Uses appropriate directional language to indicate where things are in their environment: positions, distances, order
48-60 months	CD-MA8.4b	Uses consistent intentional actions to fit objects together and begins to describe how they did it

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Spatial Thinking

CD-MA9

The child will reason, visualize, and share solutions when solving problems with spatial thinking.

2 indicator records across 2 age groups

Age group	Indicator	Indicator description
36-48 months	CD-MA9.3a	Uses emerging reasoning skills to determine how objects should be moved or organized within a space
48-60 months	CD-MA9.4a	Uses simple strategies to determine how objects should be moved or organized within a space and communicates how they solved it

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Math | Strand: Geometry

CD-MA10

The child will explore, recognize, and describe shapes

9 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-MA10.0a	Explores objects with different shapes.
12-24 months	CD-MA10.1a	Recognizes basic shapes and matches two identical shapes.
24-36 months	CD-MA10.2a	Recognizes and names two-dimensional shapes with adult guidance.
36-48 months	CD-MA10.3a	Recognizes basic, two-dimensional shapes in the environment independently.
36-48 months	CD-MA10.3b	Begins to draw circles and squares
36-48 months	CD-MA10.3c	Begins to use two-dimensional and three-dimensional shapes during play to build, design, and problem-solve
48-60 months	CD-MA10.4a	Recognizes and names common two-dimensional and three-dimensional shapes, their parts and attributes.
48-60 months	CD-MA10.4b	Draws circles and squares, and begins to draw triangles and rectangles
48-60 months	CD-MA10.4c	Experiments with combining, stacking, and arranging two-dimensional and three-dimensional shapes to build, design, and problem-solve during play

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Science | Strand: Scientific Skills and Methods

CD-SC1

The child will demonstrate scientific inquiry skills.

17 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SC1.0a	Observes and explores objects using all senses.
0-12 months	CD-SC1.0b	Attempts to use objects as tools.
0-12 months	CD-SC1.0c	Responds to what he or she sees, hears, tastes and smells.
12-24 months	CD-SC1.1a	Observes and explores the nature of sensory materials.
12-24 months	CD-SC1.1b	Uses simple tools to explore.
12-24 months	CD-SC1.1c	Uses sounds and simple words to describe things in the environment.
24-36 months	CD-SC1.2a	Uses senses to observe and experience objects and environment with adult guidance.

Age group	Indicator	Indicator description
24-36 months	CD-SC1.2b	Uses simple tools as props through play.
24-36 months	CD-SC1.2c	Observes and discusses objects and events in the environment.
36-48 months	CD-SC1.3a	Uses senses to observe and experience objects and environment.
36-48 months	CD-SC1.3b	Uses simple tools to experiment and observe.
36-48 months	CD-SC1.3c	Records observations through drawings or dictations with adult guidance.
36-48 months	CD-SC1.3d	Participates in simple experiments and discusses scientific properties.
48-60 months	CD-SC1.4a	Uses senses to observe, classify and learn about objects and environment.
48-60 months	CD-SC1.4b	Uses simple tools correctly to experiment, observe and increase understanding.
48-60 months	CD-SC1.4c	Records observations through dictating to an adult and drawing pictures or using other forms of writing.
48-60 months	CD-SC1.4d	Experiments, compares and formulates hypotheses related to scientific properties.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Science | Strand: Earth and Space

CD-SC2

The child will demonstrate knowledge related to the dynamic properties of earth and sky.

20 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SC2.0a	Touches water with adult support and supervision.
0-12 months	CD-SC2.0b	Touches sand and mud with adult support and supervision.
0-12 months	CD-SC2.0c	Observes the sun, clouds and transition from day to night with adult support.
0-12 months	CD-SC2.0d	Observes different types of weather.
12-24 months	CD-SC2.1a	Engages in structured play with water.
12-24 months	CD-SC2.1b	Engages in structured play with sand, soil and mud activities.
12-24 months	CD-SC2.1c	Identifies the objects in the sky and uses basic vocabulary to describe day and night.
12-24 months	CD-SC2.1d	Uses emerging vocabulary to describe basic weather.
24-36 months	CD-SC2.2a	Explores and investigates the properties of water.
24-36 months	CD-SC2.2b	Asks questions about the properties of sand, soil and mud.
24-36 months	CD-SC2.2c	Describes the objects in the sky during daytime and nighttime by drawing and/or naming.
24-36 months	CD-SC2.2d	Observes and discusses weather.
36-48 months	CD-SC2.3a	Investigates and asks questions about the properties of water using adult- and child-directed activities.

Age group	Indicator	Indicator description
36-48 months	CD-SC2.3b	Investigates properties of rocks, soil, sand and mud using adult- and child-directed activities.
36-48 months	CD-SC2.3c	Asks questions/shows curiosity about objects in the sky and describes appropriate daytime and nighttime activities.
36-48 months	CD-SC2.3d	Observes and discusses weather changes from day to day.
48-60 months	CD-SC2.4a	Describes properties of water, including changes to the states of water.
48-60 months	CD-SC2.4b	Explores and begins to describe properties of rocks, soil, sand and mud.
48-60 months	CD-SC2.4c	Makes simple observations of the characteristics, movement, and seasonal changes of sun, moon, stars and clouds. Compares the daytime/nighttime cycle.
48-60 months	CD-SC2.4d	Uses appropriate vocabulary to discuss climate and changes in the weather.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Science | Strand: Living Things

CD-SC3

The child will demonstrate knowledge related to living things and their environments.

14 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SC3.0a	Shows curiosity about people, plants and animals.
0-12 months	CD-SC3.0b	Discovers body parts.
12-24 months	CD-SC3.1a	Interacts with plants and animals.
12-24 months	CD-SC3.1b	Explores characteristics of living things.
12-24 months	CD-SC3.1c	Names basic body parts.
24-36 months	CD-SC3.2a	Investigates plants and animals, and how they grow and change.
24-36 months	CD-SC3.2b	Explores a variety of living and non-living objects.
24-36 months	CD-SC3.2c	Identifies more complex body parts.
36-48 months	CD-SC3.3a	Observes and explores a variety of animals and plants, and their environments and life cycles.
36-48 months	CD-SC3.3b	Identifies the physical properties of some living and non-living things.
36-48 months	CD-SC3.3c	Identifies and describes the functions of a few body parts.
48-60 months	CD-SC3.4a	Observes, explores and describes a variety of animals and plants. Describes their basic needs and life cycles.
48-60 months	CD-SC3.4b	Discriminates between living and non-living things.
48-60 months	CD-SC3.4c	Identifies and describes the functions of many body parts.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Science | Strand: Physical Science

CD-SC4

The child will demonstrate knowledge related to physical science.

18 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SC4.0a	Demonstrates ability to move objects.
0-12 months	CD-SC4.0b	Touches objects to gain knowledge about them.
12-24 months	CD-SC4.1a	Demonstrates ability to push and pull objects.
12-24 months	CD-SC4.1b	Observes objects that move at different speeds.
12-24 months	CD-SC4.1c	Shows interest and curiosity about objects in his/her immediate environment Explores solids and liquids.
12-24 months	CD-SC4.1d	Plays with and explores different toys and objects.
24-36 months	CD-SC4.2a	Explores motions to play with toys with adult support.
24-36 months	CD-SC4.2b	Uses basic words for speed of motion.
24-36 months	CD-SC4.2c	Begins to use words to describe physical properties and states of matter of objects.
24-36 months	CD-SC4.2d	Uses complex motions to play with toys that are simple machines.
36-48 months	CD-SC4.3a	Independently investigates objects and toys that require positioning and movement.
36-48 months	CD-SC4.3b	Investigates different types or speeds of motion.
36-48 months	CD-SC4.3c	Explores and identifies physical properties and states of matter of common classroom objects.
36-48 months	CD-SC4.3d	Uses classroom objects that function as simple machines.
48-60 months	CD-SC4.4a	Explores and describes position and movement of objects and toys.
48-60 months	CD-SC4.4b	Investigates and describes different types or speeds of motion.
48-60 months	CD-SC4.4c	Describes materials by their physical properties and states of matter.
48-60 months	CD-SC4.4d	Uses classroom objects to function as simple machines to enhance child directed play.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Science | Strand: Interaction with Environment

CD-SC5

The child will demonstrate an awareness of and the need to protect his/her environment.

5 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SC5.0a	Identifies familiar people and objects in his/her environment.
12-24 months	CD-SC5.1a	Identifies familiar people and living things in his/her environment.
24-36 months	CD-SC5.2a	With assistance he/she participates in activities to protect the environment.
36-48 months	CD-SC5.3a	Participates in efforts to protect the environment.
48-60 months	CD-SC5.4a	Understands that people have an impact on the environment and participates in efforts to protect the environment.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Social Studies | Strand: Family

CD-SS1

The child will demonstrate understanding of his/her family and an emerging awareness of their own culture and ethnicity.

9 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SS1.0a	Uses sounds, facial expressions or body movements when recognizing family members.
12-24 months	CD-SS1.1a	Uses simple words to show recognition of immediate family members.
12-24 months	CD-SS1.1b	Begins to gesture and ask simple questions regarding differences and/or similarities between self and others.
24-36 months	CD-SS1.2a	Uses words to identify his/her family members. Knows own first and last name.
24-36 months	CD-SS1.2b	Uses simple phrases to demonstrate an emerging awareness of differences and/or similarities between self and others.
36-48 months	CD-SS1.3a	Identifies self in relationship to his or her family unit.
36-48 months	CD-SS1.3b	Identifies similarities and differences between self and others.
48-60 months	CD-SS1.4a	Describes his/her family structure and family roles.
48-60 months	CD-SS1.4b	Describes similarities and differences between self and others.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Social Studies | Strand: People and Community

CD-SS2

The child will demonstrate an understanding of his/her community and an emerging awareness of other's culture and ethnicity.

11 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SS2.0a	Begins to understand acceptable and unacceptable behavior.
12-24 months	CD-SS2.1a	Demonstrates understanding of simple rules.
12-24 months	CD-SS2.1b	Observes cultural celebrations.
24-36 months	CD-SS2.2a	Recognizes and follows simple rules of the classroom community.
24-36 months	CD-SS2.2b	Identifies traditions and cultural celebrations of his/her own family.
36-48 months	CD-SS2.3a	Remembers rules of the classroom community and displays appropriate social behavior.
36-48 months	CD-SS2.3b	Explains traditions and cultural celebrations of his/her own family.
36-48 months	CD-SS2.3c	Asks simple questions about others' cultures.
48-60 months	CD-SS2.4a	Identifies and follows rules of the classroom community and displays competence at engaging in appropriate social behavior.
48-60 months	CD-SS2.4b	Explains diverse customs and cultural celebrations within the home, classroom and community.
48-60 months	CD-SS2.4c	Recognizes similarities and differences between own culture and that of others.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Social Studies | Strand: People and Community

CD-SS3

The child will demonstrate an awareness of geography in his/her community.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SS3.0a	Recognizes personal objects.
0-12 months	CD-SS3.0b	Shows familiarity with aspects of classroom and home environment.
12-24 months	CD-SS3.1a	Recognizes people and objects have an appropriate location.
12-24 months	CD-SS3.1b	Recognizes aspects of his/her classroom and home environment.
24-36 months	CD-SS3.2a	Places people and objects in the appropriate place with assistance.
24-36 months	CD-SS3.2b	Recognizes aspects of his/her community.

Age group	Indicator	Indicator description
36-48 months	CD-SS3.3a	Identifies locations of people and objects.
36-48 months	CD-SS3.3b	Identifies and describes some aspects of his/her community.
48-60 months	CD-SS3.4a	Creates simple representations of home, school and community.
48-60 months	CD-SS3.4b	Identifies and describes aspects of his/her community.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Social Studies | Strand: People and Community

CD-SS4

The child will demonstrate an awareness of economics of his/her community.

17 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SS4.0a	Assists with simple tasks.
0-12 months	CD-SS4.0b	Observes key community occupations.
0-12 months	CD-SS4.0c	Understands concept of "more".
12-24 months	CD-SS4.1a	Completes a task with assistance.
12-24 months	CD-SS4.1b	Recognizes that familiar people perform different occupations.
12-24 months	CD-SS4.1c	Understands concept of trading with peers to exchange goods/toys.
24-36 months	CD-SS4.2a	Completes jobs to contribute to his/her community with adult guidance.
24-36 months	CD-SS4.2b	Recognizes occupations.
24-36 months	CD-SS4.2c	Recognizes relationship between supply and demand.
36-48 months	CD-SS4.3a	Completes jobs to contribute to his/her community.
36-48 months	CD-SS4.3b	Recognizes a variety of occupations and work associated with them.
36-48 months	CD-SS4.3c	Recognizes that people work to earn a living.
36-48 months	CD-SS4.3d	Explores the uses of technology.
48-60 months	CD-SS4.4a	Completes jobs to contribute to his/her community and communicates why it is important.
48-60 months	CD-SS4.4b	Describes the roles and responsibilities of a variety of occupations.
48-60 months	CD-SS4.4c	Describes how people interact economically and the exchange of goods and services.
48-60 months	CD-SS4.4d	Explores the uses of technology and understands its role in the environment.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Social Studies | Strand: History and Events

CD-SS5

The child will understand the passage of time and how events are related.

6 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-SS5.0a	Responds to changes in routine or schedule.
12-24 months	CD-SS5.1a	Adapts to changes in routine and/or schedule and anticipates events.
24-36 months	CD-SS5.2a	Recognizes sequence of events.
36-48 months	CD-SS5.3a	Recognizes and describes sequence of events.
48-60 months	CD-SS5.4a	Recognizes and describes sequence of events with accuracy.
48-60 months	CD-SS5.4b	Differentiates between past, present and future.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Creative Development | Strand: Creative Movement and Dance

CD-CR1

The child will participate in dance to express creativity.

5 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CR1.0a	Responds to music.
12-24 months	CD-CR1.1a	Moves body to music.
24-36 months	CD-CR1.2a	Dances to and becomes engaged in music and movement.
36-48 months	CD-CR1.3a	Repeats choreographed movements and begins to express creativity in movements.
48-60 months	CD-CR1.4a	Uses dance to express thoughts, feelings and energy. Uses dance as an outlet for creativity.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Creative Development | Strand: Visual Arts

CD-CR2

The child will create and explore visual art forms to develop artistic expression.

15 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CR2.0a	Explores simple art materials.
0-12 months	CD-CR2.0b	Attends to bright or contrasting colors.
0-12 months	CD-CR2.0c	Shows preference for particular visual stimuli.
12-24 months	CD-CR2.1a	Expresses self creatively with simple art materials.
12-24 months	CD-CR2.1b	Looks at pictures, photographs and mirror images.
12-24 months	CD-CR2.1c	Communicates what he/she likes about a picture.
24-36 months	CD-CR2.2a	Experiments with a variety of materials to express individual creativity.
24-36 months	CD-CR2.2b	Describes what he/she sees when looking at pictures, photos, and art work.
24-36 months	CD-CR2.2c	Communicates preferences for one piece of art over another and tells why.
36-48 months	CD-CR2.3a	Uses a variety of tools and art media to express individual creativity.
36-48 months	CD-CR2.3b	Observes and discusses visual art forms.
36-48 months	CD-CR2.3c	Shares ideas about personal creative work.
48-60 months	CD-CR2.4a	Uses materials to create original work for self-expression and to express individual creativity.
48-60 months	CD-CR2.4b	Observes and discusses visual art forms and compares their similarities and differences.
48-60 months	CD-CR2.4c	Shows appreciation for different types of art and the creative work of others.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Creative Development | Strand: Music

CD-CR3

The child will use his/her voice, instruments, and objects express creativity.

5 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CR3.0a	Experiments with vocalization and sounds.
12-24 months	CD-CR3.1a	Imitates sounds using his/her voice or objects.
24-36 months	CD-CR3.2a	Experiments with vocalization, sounds and musical instruments.

Age group	Indicator	Indicator description
36-48 months	CD-CR3.3a	Participates in classroom activities with musical instruments and singing to express creativity.
48-60 months	CD-CR3.4a	Uses familiar rhymes, songs or chants, and musical instruments to express creativity.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Creative Development | Strand: Drama

CD-CR4

The child will use dramatic play to express creativity.

19 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CR4.0a	Shows interest in rhymes, finger plays and stories with props.
0-12 months	CD-CR4.0b	Participates in finger plays.
0-12 months	CD-CR4.0c	Responds to volume in tones and inflection.
12-24 months	CD-CR4.1a	Listens to rhymes, finger plays and stories with props.
12-24 months	CD-CR4.1b	When prompted, pretends to take on the characteristics of a character or animal as part of a group.
12-24 months	CD-CR4.1c	Experiments with voice inflection.
12-24 months	CD-CR4.1d	Role plays real behaviors during play.
24-36 months	CD-CR4.2a	Listens and shows interest when an adult tells a story with props.
24-36 months	CD-CR4.2b	Spontaneously pretends to take on the characteristics of a person, character or animal.
24-36 months	CD-CR4.2c	Imitates and repeats voice inflections to entertain others.
24-36 months	CD-CR4.2d	Explores new situations through dramatic play.
36-48 months	CD-CR4.3a	Participates in dramatic play presentations with adult guidance.
36-48 months	CD-CR4.3b	Re-creates a familiar story using action and objects (props) individually or cooperatively.
36-48 months	CD-CR4.3c	Creates various voice inflections and facial expressions in play.
36-48 months	CD-CR4.3d	Identifies real and make-believe situations through dramatic play.
48-60 months	CD-CR4.4a	Participates in dramatic play presentations.
48-60 months	CD-CR4.4b	Uses dialogue, actions, objects and imagination to tell a creative story.
48-60 months	CD-CR4.4c	Represents a character by using voice inflections and facial expressions.
48-60 months	CD-CR4.4d	Participates in dramatic play to express thoughts, feelings and creativity.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Cognitive Processes | Strand: Thinking Skills

CD-CP1

The child will demonstrate awareness of cause and effect.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CP1.0a	Acts on an object to make a pleasing sight, sound or motion.
12-24 months	CD-CP1.1a	Repeats actions many times to cause desired effect.
12-24 months	CD-CP1.1b	Asks simple questions.
24-36 months	CD-CP1.2a	Explores the effects that simple actions may have on objects.
24-36 months	CD-CP1.2b	Asks simple questions to try to understand.
36-48 months	CD-CP1.3a	Intentionally carries out an action with an understanding of the effect it will cause.
36-48 months	CD-CP1.3b	Expresses beginning understanding of reasoning skills.
48-60 months	CD-CP1.4a	Recognizes cause-and-effect relationships.
48-60 months	CD-CP1.4b	Explains why simple events occur using reasoning skills.
48-60 months	CD-CP1.4c	Draws conclusions based on facts and evidence.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Cognitive Processes | Strand: Thinking Skills

CD-CP2

The child will use prior knowledge to build new knowledge.

20 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CP2.0a	Experiments with objects.
0-12 months	CD-CP2.0b	Imitates sounds and movements.
12-24 months	CD-CP2.1a	Uses objects as intended.
12-24 months	CD-CP2.1b	Imitates simple actions, gestures, sounds and words.
12-24 months	CD-CP2.1c	Realizes that people or objects will still exist even when out of view.
24-36 months	CD-CP2.2a	Makes connections between objects and ideas.
24-36 months	CD-CP2.2b	Demonstrates imitation skills, including imitation of peers.
24-36 months	CD-CP2.2c	Understands that familiar objects and people do not change when child is separated from them.

Age group	Indicator	Indicator description
24-36 months	CD-CP2.2d	With adult prompting, uses clues to make predictions.
24-36 months	CD-CP2.2e	Discusses why things occur.
36-48 months	CD-CP2.3a	Uses objects as intended in new activities.
36-48 months	CD-CP2.3b	Uses observation and imitation to acquire knowledge.
36-48 months	CD-CP2.3c	Identifies familiar objects and people in new situations.
36-48 months	CD-CP2.3d	Uses clues and sequence of events to infer and predict what will happen next.
36-48 months	CD-CP2.3e	Discusses how new learning related to concrete objects is based on prior knowledge.
48-60 months	CD-CP2.4a	Explains how to use objects in new situations.
48-60 months	CD-CP2.4b	Uses observation and imitation to transfer knowledge to new experiences.
48-60 months	CD-CP2.4c	Uses information gained about familiar objects and people, and can apply to a new situation.
48-60 months	CD-CP2.4d	Makes, checks and verifies predictions.
48-60 months	CD-CP2.4e	Explains how an activity is built on or uses past knowledge.

Indicator codes link to the official live detail panel. Source wording is preserved; layout-only whitespace was normalized.

Subdomain: Cognitive Processes | Strand: Problem Solving

CD-CP3

The child will demonstrate problem solving skills.

10 indicator records across 5 age groups

Age group	Indicator	Indicator description
0-12 months	CD-CP3.0a	Interacts with a toy or object to understand it.
12-24 months	CD-CP3.1a	Interacts with a toy or object to solve a problem.
12-24 months	CD-CP3.1b	Solves a simple problem successfully with adult assistance.
24-36 months	CD-CP3.2a	Experiments with familiar objects to solve problems.
24-36 months	CD-CP3.2b	Tries several methods to solve a problem before asking for assistance.
